## OCEAN

The ocean, the essence of the world's greatest rivers, the wash of land and sea — which gives rise to all rivers, springs, and ocean currents — the shelter of the sun, moon, and stars. The origin of all things.

A wave beating against a cliff is capable of shaping many different forms and patterns — whose splashes remain in the soul.

## COMPOSITION:

Silk Wool Damask Jacquard,  
55% silk, 45% wool

## SIZES

Width: 59" / 150 cm

Repeat: 12.2x6.7" / 31x17 cm
