

LONDON

## PARIS GOTHIC

The starting point for the creation of this design was stone vaults of Gothic chapels in Paris. The graphic structure of vaults as if woven from stone lace, giving a sense of lightness and elegance, inspired designer Anna Agapova to create a dynamic drawing full of decorative details and ornate patterns. The harmony of form and light is embodied in the design, defining the essence of beauty.

## MATERIALS:

Background: Wool & silk

Pattern: Wool

Available in polyamide fibre\*.

\* Polyamide is a synthetic fibre with excellent performance characteristics; polyamide fibre has a luxurious look and soft feel. Lowest price. Request additionally.

## SIZES

Available in custom colours & sizes
